
ENSE 271 Group Project

— Team Raspberries —

Team Composition

- Eric Chartier
- Dinesh Dalip
- Mikayla Peterson

Business Need/Opportunity

- Opportunity to provide fast and constant engagement for the user to order a food hamper, and arrange pick up and delivery that aligns with their schedule
- Opportunity to provide easy batch ordering for support agencies
- Automated deduplication

Northstar and Carryover Customers

Northstar Customers

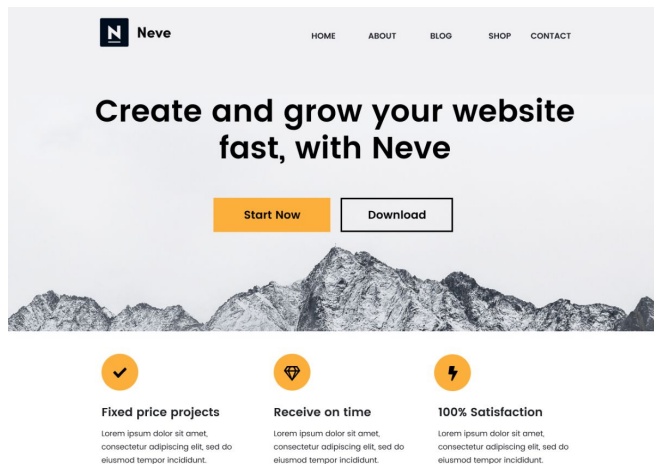

- Individual Food Bank users, who are deemed to want ease of access to the Food Bank's service and confirmation of their orders

Carryover Customers

- Other Canadian or North American Food Banks who can find utility in our design that would help them give ease of access to their customers

Wordpress Configuration
